

NEW

AquaBox Variable Speed

A COMPACT SYSTEM DESIGNED FOR TRANSPORTING CLEAN WATER.

Using a variable frequency drive for constant pressure systems, which automatically controls the speed of the pump while keeping the pressure in the system constant.

Southern Pumps Ltd

AquaBox System

Compact design, Constant pressure

The all in one AquaBox System for Domestic and Commercial clean water applications. A compact system designed for transporting clean water with constant pressure. The AquaBox System makes plumbing easy, with less work, creating more space and less noise for greater comfort. A cost effective plug n'play system from Southern Pumps Ltd

Components

- 300 Litr & 530 Litr Cylindrical tanks
- 340 Litr, 500 Litr, 900 Litr & 1100 Litr Rectangular tanks
- Lowara SC205 Stainless Steel Submersible Scuba Pump
- Variable Frequency Drive
- Ball Valve & Float
- 1" FM LA Ballvalve

Please Note: Overflow connection not supplied

Pipe mounted version:

- Turns a fixed speed pump to a variable speed
- Easy to setup and operate, just select the required "Plug and Play"
- Built in dry run protection
- Compact design
- Built in pressure transducer with digital indicator
- Control and panel with LCD display
- Stored information of operated hours, number of starts, connections to the power supply, register of alarms
- Built in protection of over current, incorrect supply voltage and short circuit
- Anti-icing protection >> just for water cooled version
- IP55

HIGH FLOW OPTIONS AVAILABLE ON REQUEST
